

HOME OF THE WEEK

Design No. H-226s
889 Square Feet

A home designed for comfortable living and outstanding in beauty with its brick exterior and contrasting Tennessee stone and frame. Just walk into the vestibule with the large closet space and look into the lovely living room, unmatched for its numerous possibilities in furniture arrangement. The dining space leads to a cool terrace. Note the abundant closet space, the good sized bath, and full basement. A third bedroom can be had by completing the unfinished upstairs, if desired.

PRIVACY AND CONVENIENCE are the keynotes of this lovely two-bedroom home, which features central hall plan. Dining room opens into a cool, comfortable patio, ideal for summer dining. Two spacious bedrooms have roomy closets. A third bedroom can be had by completing the unfinished upstairs if desired. Blueprints and specification guide for this beautiful home are easily available now to Torrance Press readers. For details on how to acquire plans call the Press at Torrance 1185 or come to the Press office at 1406 Cravens ave.

Gravel Firm On Pan Again For Violations

City Attorney James Hall was asked to investigate continued violations of city ordinances by the Torrance Sand and Gravel Co., by the City Council at Tuesday's meeting.

The request was made after representatives from Pacific Hills appeared at the meeting to protest certain operations of the company.

Large boulders are being rolled down the lower slopes of the Palos Verdes hills onto the property of Pacific Hills residents by the sand and gravel company's activities, it was charged.

In addition, the firm is maintaining a nuisance in the form of an unfenced drainage pool near homes in the Pacific Hills area, it was alleged.

The company is under order from superior court to move their operations back into the hills and away from human habitation.

Hall promised to investigate the charges and take such action as is necessary to halt the violations.

Seek Holiday Pay for Fire, Police Depts.

In a move to make working conditions and pay scales for city employees more just and equitable, City Councilman Nick Draie moved Tuesday night to pay all firemen and police officers time-and-a-half for holiday work.

Under the existing program, most of the city's clerical and miscellaneous employees are paid straight time for national holidays, although they do not work on such days.

The police and fire personnel, however, must continue their regular working schedule, holiday or not.

This, the councilman said, is unfair, and he urged that the men be given extra pay for the holiday work. He stated that the civil service ordinance of this city calls for the time-and-a-half pay.

The council referred the matter to the next agenda meeting for further study.

Hospital Building Plans Told

Plans for building additions to the Torrance Memorial Hospital took a step forward last Tuesday at the regular monthly meeting of the Medical Staff of the hospital.

At that meeting a building committee was appointed by Dr. Fred Ewens, Chief of Staff. He names Doctors Howard Wood, John Beeman, Eugene Cook, all of Torrance, and Dr. George Anderson, of Manhattan Beach, to work with

Model Plane Club Reveals New Name

The Torrance Model Airplane Club, formerly called the Torrance Glow-Bugs, has elected to change the official board of the hospital on all future building plans.

The official board and the building committee will meet in the near future to appoint a citizens committee to achieve the greatest possible support for the urgently needed additions to the hospital, Dr. Ewens reported.

their name to the Torrance Toppers. Their emblem is a blue top hat, and yellow model plane, on a field of white, with the letters "Torrance Toppers" in red. The local Hobby Shop is furnishing the emblems for the boys to wear on their jackets.

Harold Isbell, member of the Torrance Toppers, won first place in the novice class, at Long Beach last week, at the "Flying Circus" contest. The next Flying Circus contest will be held here in Torrance on April 26.

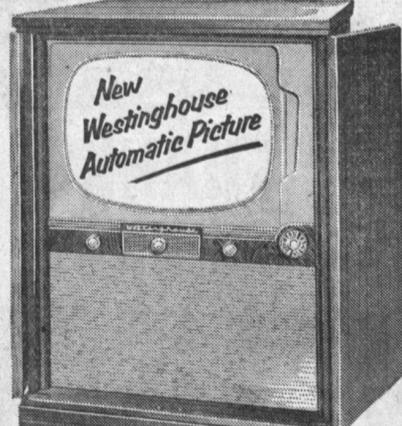

The Flying Circus contest are sponsored by The Hobby Dealers Association of California, and are for novice and beginner stunt classes. Trophies are awarded for the first three places in each class.
